SUPERSEDED

1 Introduction

This Specification applies to the fabrication of aluminium components for bridges, other structures and roadside furniture.

This Specification shall be read in conjunction with MRS01 *Introduction to Specifications* and other Specifications as appropriate.

This Specification forms part of the Transport and Main Roads Specifications Manual.

2 Measurement of work

2.1 Standard Work Items

This Specification contains no Standard Work Items. The supply and fabrication of aluminium components may not be measured separately under the Contract but may be included in Standard Work Items for completed elements of work described in the following specifications:

- a) MRS03 *Drainage, Retaining Structures and Protective Treatments*
- b) MRS14 *Road Furniture*
- c) MRS15 *Noise Fences*, and
- d) MRS77 *Bridge Deck*.

However, some Standard Work Items do apply directly to fabricated aluminium components and are included in MRS80 *Supply and Erection of Bridge Barrier*.
