**Contents**

**1 Introduction .....1**

## **1 Introduction**

This Technical Specification applies to the construction of power supply and distribution and serves as a link between MRS332 *Power Supply and Distribution* and the technical documentation supplied by Queensland Rail.

This Technical Specification does not identify any technical requirements. These are specified in the technical documentation supplied by Queensland Rail.

Enquiries and requests for technical documentation shall be addressed to the Project Manager or Administrator.

It is the contractor's obligation to confirm all construction of power supply and distribution complies with Queensland Rail's technical requirements and legislative requirements.

This Technical Specification shall be read in conjunction with MRS332 *Power Supply and Distribution*, MRTS01 *Introduction to Technical Specifications*, MRTS50 *Specific Quality System Requirements* and other Technical Specifications as appropriate.

This Technical Specification forms part of the Transport and Main Roads Specification Manual.
